The Principal, Staff and the Management of M.H.E.S College of Science and Technology feel proud to welcome you to its unique facilities. In an atmosphere, where science and technology are undergoing leaping changes, we wish that our students should get access to all the resources of the educational systems available in the developed countries, and become competent in various fields.

### MISSION & VISION

An ideal institution to provide higher education for the bright students who are not able to afford the high cost prevailing in our neighbouring states. A campus at your door step for advanced education.

### ABOUT US

A group of socially committed enthusiasts of our area has been contemplating for many years to establish an institution for specialized courses. Malabar Higher Educational Society is the fruition of this long cherished idea. Under the management of a dedicated team it is striking firm roots, and the vision of its founders to transform it to an autonomous college shall be realized in the near future. We hope that the students passing out of this institution shall go forth through the length and breadth of the world proclaiming competency of this institution.

President  
**Prof. K.K. Mahamood**
